VINTAGE TIFFANY-STYLE PLATINUM & DIAMOND BRACELET

Handmade in all platinum. Five links 22.0mm x 12.0mm, large open rectangular centres, each link set along sides with a total of fourteen assorted single cut and mixed round brilliant cut diamonds, with four small diamonds approximately 200 p.c. Five other links are 12.0mm x 12.0mm square, with extended 4.50mm wide joining links, split and close bead set with four single cut diamonds at each side. Each link set at corners with mostly modern round brilliant cut diamonds, two diamonds in shoulder position, and four smaller diamonds at outer edges. Centre has a fine raised rubbed box setting with an emerald cut synthetic blue corundum, approx. 5.25mm (facet worn tables). Bracelet links have a very fine wire with very fine cheniers at outer edges. Catch is fully integrated with two push-in slotted functional clips.

One hundred and eighty diamonds have an estimated total diamond weight 7.75 carat. Stones are bright in appearance, cut on average good, clarity VS, colour graded at H-L.

- 64 round brilliant cut diamonds are 20 x 0.10 carat, 10 x 0.08 carat, and 34 x 25 p.c.
- 116 single cut diamonds are 26 x 25 p.c., 40 x 90 p.c., 20 x 120 p.c., and 20 x 200 p.c.

All characteristics have been determined by Donnell Valuation Services without unsetting the stones and are, therefore, only approximate because of limitations imposed by the mount. These could change if the gemstones are assessed unset.

Front:

Back:

Overall weight 26.98 grams.

Condition overall appears good, but several links have been bent and slightly damaged.

INSURANCE VALUE \$18,000.00

EXCHANGE RATES: USA\$ 0.6300

METAL PRICES (US\$/ounce): Platinum \$995.00

THIS APPRAISAL REPORT CAN ONLY BE USED FOR THE PURPOSE OF ARRANGING INSURANCE COVER IN THE NAME OF THE REPORT ADDRESSEE AND, IN THE CASE OF LOSS, IN SUPPORT OF AN INSURANCE CLAIM. IT IS NOT VALID FOR ANY OTHER PURPOSE AND IT IS NOT TRANSFERABLE TO ANOTHER PARTY.

The articles described above have been examined and the values given are an expression of my opinion. Gemstones have not been removed from the settings for accurate assessment and all grades and weights have been estimated within limitations imposed by setting(s) and these grade(s) or weight(s) may alter if removed from the setting(s) and regraded. It is assumed most coloured stones have been colour enhanced. If a more precise assessment of the gemstone(s) is required or detection of clarity or colour enhanced they would need to be removed from the setting(s) with microscopic and X-Ray tests performed. This can be done with the owner's permission at an additional charge. Whilst all care has been taken in making this appraisal, no liability is accepted other than to the person to whom the certification is given for any errors or omissions, including any liability to the person by reason of negligence. Values expressed in New Zealand dollars and based on current market conditions.

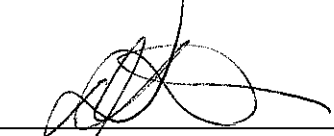

The values shown include normal trade margins (where applicable) and are noted in NZ\$ inclusive of GST based on current metal prices, US\$ exchange rates with the NZ\$ at the time this appraisal was prepared. Prices in my opinion reflect an average (neither the highest nor the lowest price you would expect to pay for the piece(s) on this report in a fine jewellery store).

It is understood that there is no agreement to purchase any of the articles mentioned in this appraisal.

Testimony, depositions, hearings or attendance are not required by reason of rendering this report. Arrangements for these and similar matters must be made in advance with prevailing hourly rates and or other additional costs.

In the event of any discrepancy please notify Surtout Jewellers immediately.
