In my opinion the figures represent the value of the item for the purpose stated. I assume no responsibility for any action that may be taken on the basis of the appraisal- values can vary due to the subjective nature of some jewellery articles, differing retail margins and exchange rates. All amounts are in NZ dollars including GST. Diamonds are assumed to be natural unless stated and may require advanced testing to confirm if they are natural or synthetic. GIA grading is used for diamonds, Gemworld/Gemguide grading is used for coloured stones. Components are in sound wearable condition unless stated. Only non-destructive tests are used- unstamped metals may require further assay testing to confirm the exact composition. **Appraisals are not valid for reselling purposes**
