This Appraisal-Valuation is determined by using percentage margins for importers, Wholesalers & Retail levels. The value/s given, we consider a fair value for purpose stated, and are based on an average of the above levels. Profit margins are at the discretion of the Seller and item/s can be a matter of negotiation, and fluctuations in the exchange rate, bullion prices and stone base prices. We accept no liability for variations in valuations.

PEARLS: (8) Natural ½ drilled 2.73mm light cream color.

LONG SHORT WAVE FLOURESCENCE: Moderate chalky white

SHORT WAVE FLUORESCENCE: None.

GENERAL OBSERVATIONS: Brooch is in a sound condition, equal to local manufacturing standards, has been hand /crafted assembled finished and set.

It is internationally recognized as a trade practice to treat gems of the variety (Sapphire) by various methods, to enhance the color and /or clarity, although evidence is not immediately apparent some may be assumed. Stones evaluated in settings for dimensions, color, clarity and weight. This Appraisal has been compiled for Insurance Retail purposes and is not intended for use in a resale transaction.

Further characteristics are as follows:

Total Weight of Item: **3.11 grammes**

Manufacturing Technique: **hand/crafted assembled**

Metal Content: **15 carat yellow whiteGold**

COMMENTS: Exchange Rate \$US.75 Gold Rate US\$661 per oz Photo Taken JOB: WH 116659

The figures represent the average retail new replacement in the average fine Jewellery store and not any one Jewellery store in particular.

Averages are based upon appropriate markets for individual items, these figures are also based upon current exchange rates, bullion, gem and diamond International base prices.

NB: Insurance policy's may be based on **Replacement Value New** or **Indemnity Value**, therefore, settlement will depend on your Insurance company's policy.
