"Specific use valuation and appraisal report"

Jewellery appraisal and valuation service requested for the use of obtaining insurance on the item presented by Mirjam Morris
Not valid for resale or other uses as these may have different value opinions, see customer agreement on page three.

The Item , appraisal report

One all white gold stylised four leaf clover brooch that has been stamped 750 with the word lotus on the double pin. Sold by Brahmfeld & Gutruf of Hamberg a prestigious jeweller. The overall height is 8.50 mm and the width is 27.45 mm.

This brooch features four pear shaped sapphires each set into a three claw double collet wire setting. These have been positioned around a single diamond ,also in a similar setting .Each sapphire is surrounded by a cluster of small diamonds gapped and laid out to form the leaves of the clover. There is also a baguette encrusted stem.

This brooch has been handcrafted using a variety of techniques, hand assembly, using fabricated components with traditional hand forming, setting and finishing.

Condition , appraisal report Claws show up to 1 % wear, Sides show up to 1 % wear, Clasp shows up to 1 % wear. All stones have been checked and are secure.

Gemmological appraisal report (with estimated characteristics)

Small main diamond

The **saturation**, (or intensity) of colour is described (4.50) on a scale of 1 to 5, where 0 is moderate and 5 is vivid.

VALUATION REPORT with additional comments on page four .

This item has been imported into NZ ,brooch items similar to this were made circa 1970 as bespoke and custom pieces. Today they are seldom available new. However comparable items are occasionally available through specialist auction houses and specialist retail jewellers who sell used items of this type and style .It has been valued in these markets for market value new . **Market value (new)"** sometimes called "replacement value" for a comparable item = **\$4,300.00**

In this case there is some very slight wear and therefore a small adjustment has been made to allow for this and to represent the market value of the item ,in its current condition. **Market value (in its current condition)"** sometimes called "indemnity value", present day value or fair value = **\$4,300.00**

Should you require a new and single item to be made as close as possible to the original ,then please use the cost estimate value .As this represents the most likely cost to buy from a retail manufacturing jeweller as a single bespoke piece. Note this value has been arrived at using the cost approach. **"Cost estimate value" \$ 11,900.00**

See pages 2-4 for further details / definitions of values /signed customer agreement and scope of work. This valuation and appraisal should be read in its entirety. Accredited gems and Jewellery Valuer and Appraiser **AiSCV™ AVS-GJV™ (AiV-Reg #0007)** .
