"Specific use valuation and appraisal report"

Jewellery appraisal and valuation service requested for the use of obtaining insurance on the item presented by **Rosina Pfeffer**

The Item , report

One all white metal pendant that has not been stamped ,however readily apparent identification indicates the metal to be 18 ct white gold.

This pendant features a bright emerald that has been claw set vertically into a pear shaped slightly domed scalloped plate which has been grain set with twenty diamonds. The back is open and has been pierced with a scroll design .At the top of the pendant is a small bow setting with a 3.3mm small emerald. The chain is trace style. The overall height is 34.66 mm and the width is 15.50 mm.

This ring has been handcrafted using a variety of techniques, which include hand assembly, using hand fabricated components with traditional hand forming, setting and finishing.

The **saturation**, (or intensity) of colour is described (4.5) on a scale of 1 to 5, where 0 is moderate and 5 is vivid.

VALUATION REPORT with comments .Page 6

This item has been most likely manufactured in NZ as a special bespoke piece from a retail manufacturing jeweller. There .It has been valued in this market for market value new .**Market value (new)"** sometimes called replacement value for a comparable item = **\$19,500.00**

In this case there is some very slight wear and therefore an adjustment has been made to allow for this and to represent the market value of the item ,in its current condition. **Market value (in its current condition)"** sometimes called indemnity value, present day value or fair value = **\$18,500.00**

Should you require a new and single item to be made as close as possible to the original , then please use the cost estimate value .As this represents the most likely cost to buy from a retail manufacturing jeweller as a single bespoke piece. Note this value has been arrived at using the cost approach. **"Cost estimate value" \$ 19,500.00**

See page 4 for further details and definitions of values.
