"Specific use valuation and appraisal report"

Jewellery appraisal and valuation service requested for the use of obtaining insurance on the item presented by
Not valid for resale or other uses as these may have different value opinions, see customer agreement on page three.

The Item, appraisal report

One all white gold ring that has been unstamped (readily apparent identification indicates the metal to be 18ct white gold.) This ring features a single rub over set sapphire which has been raised over a cluster of full rub over set diamonds. The basket has been pierced in a floral pattern with single base collet. The shoulders flow from the band to the setting with a supporting collet. The overall height is 7.30 mm and the width is 21.33 mm. The band has a slightly rounded profile which measures 4.50 mm high x 1.50 mm wide at the shoulder and tapers to 1.43 mm wide x 1.17 mm thick at the base.

This ring has been handcrafted using a variety of techniques, which include hand assembly, using hand fabricated components with traditional hand forming, setting and finishing.

Condition, appraisal report

Claws show up to 5% wear, Sides show up to 5% wear, Band shows up to 5% wear. This item has been well cared for and is in near new condition. All stones have been checked and found to be tight and secure in the settings at the time of inspection.

Gemmological appraisal report (with estimated characteristics)

Small diamonds

There are 16 small cluster diamonds each is early brilliant cut. Each measures 2.40 mm in width, the colour and clarity grades are HIJ/SI and the total weight is estimated at 1.00 cts.

Estimated Coloured Stone Characteristics

Type = corundum.
Variety = Sapphire Lab (Verneuil).
Shape and size = faceted 13.80mm x 10.22 mm.
Clarity = moderate

The stones shows no surface wear and abrasions.
The hue, (or colour) is described as slightly violet blue.
The tone, (or darkness) is described as (6) On a Scale 1 to 9 where 9 is black and 1 is nil
The saturation, (or intensity) of colour is described (8) on a scale of 1 to 10, where 0 is low and 10 is vivid.

VALUATION REPORT (market explanation) with additional comments on page four.

This item has been most likely privately imported into New Zealand the exact item is not available, however comparable items, however comparable items are available from those retail jewellers who specialize in used sales of this type and age of items. It has been valued in this market for market value new.

Market value (new) sometimes called "replacement value" for a comparable item = \$6,400.00

In this case there is some very slight wear and therefore an adjustment has been made to allow for this and to represent the market value of the item, in its current condition.

Market value (in its current condition) sometimes called "indemnity value", present day value or fair value = \$6,200.00

Should you require a new and single item to be made as close as possible to the original using modern day techniques with modern equivalent cut diamonds, then please use the cost estimate value. As this represents the most likely cost to buy from a retail manufacturing jeweller as a single bespoke piece. Note this value has been arrived at using the cost approach.

"Cost estimate value" \$10,500.00

See pages 2-4 for further details / definitions of values / signed customer agreement and scope of work. This valuation and appraisal should be read in its entirety.

Accredited gems and Jewellery Valuer and Appraiser AiSCV™ AVS-GJV™ (AiV-Reg #0007).
