"Specific use valuation and appraisal report "

Jewellery appraisal and valuation service requested for the use of obtaining insurance on the item presented by Lynn Newman-Hall
Not valid for resale or other uses as these may have different value opinions .see customer agreement on page three .

The Item , appraisal report

One all yellow gold ring (with rhodium plated highlights.) which has been stamped 750 and the letters DW.
This ring features a single princess cut diamond that has been rub over set over a domed base. The shoulders have rows of small baguette shaped diamonds flanked by outer lines of small grain set diamonds.
The overall height is 5.50 mm and the width is 8.20 mm. The band has a slightly rounded profile which tapers to 3.10 mm wide x 1.10 mm thick at the base. The back has been filled with a fillgree pattern.
This ring has been handcrafted using a variety of techniques, which include the lost wax casting process, hand assembly, with traditional hand forming, setting and finishing.

Condition , appraisal report Claws show up to 5 % wear, Sides show up to 5 % wear, Band shows up to 10 % wear .
This item was most likely made circa 1990 .It has been well cared for and is in good condition. All stones have been checked and found to be tight and secure in the settings at the time of inspection.

Small diamonds

There are 32 small diamonds each is modern brilliant cut. Each measures 1.00 mm in width, the colour and clarity grades are **HIJK/SI** and the total weight is estimated at 0.16 cts.

VALUATION REPORT (market explanation) with additional comments on page four .

This item has been most likely manufactured in NZ the exact item is no longer available ,however comparable items are available through selected New Zealand traditional retail jewellery stores .It has been valued in this market for market value new .

Market value (new)" sometimes called **"replacement value"** for a comparable item = **\$5,400.00**

In this case there is some wear (rhodium has worn away) and therefore an adjustment has been made to allow for this and to represent the market value of the item ,in its current condition.

Market value (in its current condition)" sometimes called **"indemnity value"**, present day value or fair value = **\$3,000.00**

Should you require a new and single item to be made as close as possible to the original using modern day techniques then please use the cost estimate value .As this represents the most likely cost to buy from a retail manufacturing jeweller as a single bespoke piece. Note this value has been arrived at using the cost approach.

"Cost estimate value" \$7,500.00

See pages 2-4 for further details / definitions of values /signed customer agreement and scope of work. This valuation and appraisal should be read in its entirety.
