"Specific use valuation and appraisal report"

Jewellery appraisal and valuation service requested for the use of obtaining insurance on the item presented by
Not valid for resale or other uses as these may have different value opinions, see customer agreement on page three.

The Item, appraisal report

One all yellow gold large cross that has not been stamped. Readily apparent identification indicates the metal to be 14K gold. This cross features a large tourmaline stone that has been set rub over style fixed over a dome of gold cushion. The cross is large and flat and sits over a lower and slightly larger cross. The overall height is 65.00 mm and the width is 43.93 mm. This item has been handcrafted using a variety of techniques, which include hand assembly, using hand fabricated components with traditional hand forming, setting and finishing.

Condition, appraisal report Claws show up to 0% wear, Shackle shows up to 5% wear. This item was most likely made circa 1970. It has been well cared for and is in near new condition. The stone has been checked and found to be tight and secure in the settings at the time of inspection.

Gemmological appraisal report (with estimated characteristics)

Estimated Coloured Stone Characteristics

Type = tourmaline
Variety = green
Shape and size = cushion shape/faceted/11.72 x 8.40 x 5.00 mm.
Clarity = moderate
The stone shows moderate surface wear and abrasions.
The **hue**, (or colour) is described as very slightly blue green.
The **tone**, (or darkness) is described as (7) On a Scale 1 to 9 where 9 is black and 1 is nil
The **saturation**, (or intensity) of colour is described (7) on a scale of 1 to 10, where 0 is low and 10 is vivid.

VALUATION REPORT (market explanation) with additional comments on page four.

This item has been most likely imported into New Zealand the exact item is not available, however comparable items are available from those retail jewellers who specialize in used sales of this type and age of items. It has been valued in this market for market value new.

Market value (new) sometimes called "**replacement value**" for a comparable item = **\$2,800.00**

In this case there is some very very slight wear and therefore an adjustment has been made to allow for this and to represent the market value of the item, in its current condition.

Market value (in its current condition) sometimes called "**indemnity value**", present day value or fair value = **\$2,700.00**

Should you require a new and single item to be made as close as possible to the original using modern day techniques then please use the cost estimate value. As this represents the most likely cost to buy from a retail manufacturing jeweller as a single bespoke piece. Note this value has been arrived at using the cost approach.

"Cost estimate value" \$11,500.00

See pages 2-4 for further details / definitions of values / signed customer agreement and scope of work. This valuation and appraisal should be read in its entirety.
