ITEM	DESCRIPTION	VALUE
1.	<p>single stone diamond ring in 18ct yellow gold with white gold claw setting, plain tapered V shape claw setting with yellow gold flat shank, reverse taper with spearpoint knife edge design shoulder 2.5mm. Total wt. approx. 3.98gms.</p> <p>Diamond, round, brill .cut. Also with polished very thin girdle, very slight light brown tint colour &amp; clarity average VS1. approx size diameter = 6.85mm depth approx. 3.8mm. est.wt. by calculation approx. 1.10ct.</p> <p>Very difficult to accurately measure depth in this setting, therefore measurement &amp; weight approx. estimation.</p>	\$14400

The above items have been examined and in our opinion the figures given represent the value for the purpose stated. Claws and settings have been checked and are secure unless otherwise stated. Unless specifically stated all weights, measurements, and qualities of stones and articles are only approximate, qualities of all mounted stones can only be given an estimated approximation.

To keep up with inflation your jewellery should be revalued regularly. Jewellery need not be left for updating, but must be sighted to check settings, etc. Retain and bring these forms, as we can update direct from them.
