"Specific use valuation and appraisal report"

Jewellery appraisal and valuation service requested for the use of obtaining insurance on the item presented by to "Whom it may concern"
Not valid for resale or other uses as these may have different value opinions, see customer agreement on page three.

The Item, appraisal report

One yellow and white gold ring that has been stamped 18 ct. This ring is an "old style" claw cluster which features a single raised and claw set diamond surrounded by eight smaller diamonds. The shoulders are capped with engraved white gold and flow from the band finishing in a point.

The overall height is 6.45 mm and the width is 11.80 mm. The band has a slightly rounded profile which measures 4.60 mm high x mm wide at the shoulder and tapers to 1.85 mm wide x 0.75 mm thick at the base.

This ring has been handcrafted using a variety of techniques, which include hand assembly, using hand fabricated components with traditional hand forming, setting and finishing.

Condition, appraisal report see notes page 4. Claws show up to 2% wear, Sides show up to 2% wear, Band shows up to 15% wear.

This item was most likely made circa 1980. It has been well cared for and shows light overall wear. Major stones have been checked and found to be tight and secure in the settings at the time of inspection.

Gemmological appraisal report (with estimated characteristics)

Main diamond is modern brilliant cut.

Colour = HIJ.

Dimensions = 5.60 mm x 3.36 mm deep.

Weight = 0.65cts.

Clarity = VS.

Crown angle = 32 degrees.

Table = 60% of the width of the diamond.

Culet = pointed.

Girdle = ground.

Small diamonds

There are 8 small diamonds each is modern brilliant cut. Each measures 2.40 mm in width, the colour and clarity grades are HIJ/VS1 and the total weight is estimated at 0.40 cts.

VALUATION REPORT (market explanation) with additional comments on page four.

This item has been most likely manufactured in NZ, the exact item is not available, however comparable items are available through most New Zealand traditional retail jewellery stores. It has been valued in this market for market value new.

Market value (new) sometimes called "replacement value" for a comparable item = **\$8,000.00**

In this case there is some very slight wear and therefore an adjustment has been made to allow for this and to represent the market value of the item, in its current condition.

Market value (in its current condition) sometimes called "indemnity value", present day value or fair value = **\$7,800.00**

Should you require a new and single item to be made as close as possible to the original using modern day techniques then please use the cost estimate value. As this represents the most likely cost to buy from a retail manufacturing jeweller as a single bespoke piece. Note this value has been arrived at using the cost approach.

"Cost estimate value" \$9,900.00

See pages 2-4 for further details / definitions of values / signed customer agreement and scope of work. This valuation and appraisal should be read in its entirety.
Accredited gems and Jewellery Valuer and Appraiser AISCV™ AVS-GJV™ (AIV-Reg #0007).
