GEMOLOGIST/APPRaiser

All values include GST at 15% and are stated in NZ dollars at exchange rates shown. Some variation in values may occur due to the subjective nature of grading and the fact that the grading is done with stones in their mounts. All grading terminology used approximates those of the Gemological Institute of America. I accept no liability due to action that may be taken regarding variation in accuracy of valuation as the appraisal of stones & jewellery is subjective to grades and values can vary from one appraiser to another. As most coloured gem stones are treated to improve colour or apparent clarity only unusual treatments that have been detected are noted.
