This appraisal expresses the opinion of a value, for the purpose stated only, as assessed by the appraisers whose signatures appear on the document, at the date it was produced. It has been prepared, using non-destructive methods, and any acceptable information, if supplied, as guaranteed by the supplier, or the person/s who has/have requested the appraisal. It was prepared, using the stated, and/or tested, quality of metal, weights and grade range of gems that are set in it, only if supplied. If not supplied, they will represent our opinion only, graded and measured, while in the setting/s. The appraised value, does not imply any 'warranty, or a guarantee', from Advanced Gem Laboratory (AGL), that is the responsibility of the supplier or end reseller. Neither AGL, nor its employees, are responsible for any omissions, errors or inaccuracy which might become apparent within this appraisal at a future date. These may be from later examination or certification loose, on any presently set gems, or for and other reasons not noted at this time.
