The articles described above have been examined and the values given are an expression of our opinion unless gemstones have been removed from settings for accurate assessment, all grades and weights are approximate. All conclusions are substantiated by careful examination of the items within limitations imposed by their settings using appropriate gemmological testing methods. Discrepancies in diamond grading may occur when diamonds are set due to the colour of the precious metal and restrictions of the settings. Whilst all care has been taken in making this valuation, no liability to any person to whom the certificate is given for any errors or omissions in the certificate, including any liability to any person by reason of negligence. This valuation is not suitable for any purpose other than the purpose(s) stated above and should not be relied on by an entity besides addressee, unless specifically noted.
